

IT

Struttura a monoscocca in acciaio inox AISI 304; finitura esterna satinata scotch-brite; spessore di isolamento pari a 85mm per la scocca e 65mm per la porta, con schiumatura ad alta densità (40kg/mc) senza HFC; piedini in acciaio inox regolabili h120/150mm; cella con angoli interni arrotondati per una perfetta pulizia ed igienicità; sbrinamento ed evaporazione dell'acqua di condensa a gas caldo; vassoi porta vaschette in acciaio inox; flusso d'aria laterale; porte auto-chiudenti a 100°; unità refrigerante a monoblocco brevettata e tropicalizzata (in classe climatica 5); serratura di serie; alimentazione a 230V/50Hz monofase standard.

EN

Stainless steel AISI 304 monocoque structure; scotch-brite external satin finish; 85 mm high density HFC free polyurethane foam insulation (40kg/m3) for the body and 65mm thickness for the door; stainless steel adjustable feet h120/150; cell with rounded internal edges for a perfect cleaning and hygiene; hot gas defrosting and condensation water evaporation; stainless steel trays for bins; lateral air flow; self-closing doors from 100°; patented and tropicalized monobloc refrigerating unit (climatic class 5); lock as standard; standard power supply 230V/50Hz monophase.

FR

Structure à caisse unique en acier inox AISI 304; finition extérieure satinée Scotch-brite; épaisseur d'isolation par injection de mousse polyuréthane à haute densité (40 kg/m3) sans HFC de 85 mm pour la caisse et de 65 mm pour la porte; pieds réglables en acier inox h120/150mm; chambre froide avec angles internes arrondis pour un nettoyage et une hygiène parfaits; dégivrage et évaporation de l'eau de condensation par gaz chaud; plaque en inox pour bacs; flux d'air latéral; porte à fermeture automatique à partir de 100°; unité frigorifique avec monobloc breveté et tropicalisé (classe climatique 5); serrure de série; alimentation standard 230V/50Hz une seule phase.

DE

Monocoque-Ausführung aus Edelstahl AISI 304 mit satinierten Außenflächen (Schoch-Brite); 75 mm starke Rahmen-Isolierung und 65 mm starke Tür-Isolierung aus hochverdichtetem Polyethanschaum (40kg/m3) ohne HFC; Stellfüße aus Edelstahl H 120/150; Kühlzelle mit abgerundeten Innenecken für eine einfache Reinigung und optimale Hygiene; automatische Kondenswasserverdunstung und Abtauung durch heißen Gas; Feuchtigkeitsregler als Standardausstattung in der TN-Version; Edelstahlstangen mit 20 Paar Führungen für 60x40 oder 60x80 Bleche; Leitungsluftstrom; selbstschließende Tür ab 100°; patentiertes und tropicalisiertes Monoblockkälteaggregat (Klimatische Klasse 5); serienmäßiges Schloss; Standard Spannung 230V/50Hz einphasig.

ES

Estructura monocasco de acero inoxidable AISI 304; acabado exterior satinado scotch-brite; espesor de aislamiento 75 mm para el casco y 65 mm para la puerta con espuma de poliuretano de alta densidad (40 kg/m3) sin HFC; piés ajustable de acero inoxidable h120/150mm; cámara con equinas interiores redondeadas para un perfecta limpieza y higiene; deshielo y evaporación del agua de condensación a gas caliente; platos para bandejas de acero inoxidable; flujo de aria lateral; puertas con autocerrado con bloqueo a 100°; unidad refrigeradora monocasco patentada y tropicalizada (en clase climática 5); cerradura de serie; alimentación de 230V/50Hz monofásica estándar.
